#### **FOOD TICKETS:**

Mad & Kultur Food Ticket

Employees, friends of the house and other involved parties receive food tickets so that they can eat at the market. The tickets function as vouchers for 25 kr. If you receive these, you must hand over food for 25 kr. If you receive two or more, you give the customer money back if the value of the food tickets exceeds the value of what was handed over. At the end of the festival, you hand over the tickets to the Mad & Kultur person in charge at the site, and we will then offset these on the final invoice.

ONLY the returned tickets are included in the accounts, we do not accept food tickets after the event.

#### **SALE OF BEVERAGES**

Drinks may **not** be sold unless you have a special agreement with Food & Culture. Selling drinks can, in the worst case, result in expulsion from the venue.

#### **HYGIENE AND CONTROL:**

You must ensure that you meet the statutory hygiene requirements yourself. Remember to have water in your stall, possibly in the form of a plastic can. In addition, approved gas permits and labels for these.

#### **WATER:**

There is no possibility of direct water connection. There will also be no possibility of establishing a drain. We recommend that you bring filled cans - and there will be a water outlet on the site, from which you can draw water for your cans along the way.

#### **SPECIAL CONDITIONS INCLUDING FIRE:**

It is required that you bring correct and approved fire equipment yourself. An inspection will be carried out. If there are errors and deficiencies, you cannot be allowed to start selling from your stall until the conditions have been put in order.

REMEMBER! Correct signage of fire equipment and gas, this is mandatory.
